

NOTICE OF PUBLIC HEARING

* * * * *

The Star Water Company has filed an application with the Local Governments and Rural Water Systems Improvement Board and the American Rescue Plan Act (ARPA) for funds to construct approximately 11 miles of water distribution system improvements. The Star Water Company has prepared a facilities plan for the proposed improvements and will hold a public hearing on the improvements and plan at 3:30 PM, May 3, 2024 at the office of the Engineer, Heflin Engineering, Inc., 1700 West Government Street, Building "A", Suite "J", Brandon, Mississippi. The following topics will be discussed:

- a. Alternatives considered and facilities to be built;
- b. Where the facilities are to be located;
- c. Why they are needed;
- d. How much they will cost;
- e. Estimated average user cost;
- f. Landowners/properties affected by acquisition of property, easements, and right-of-ways;
- g. Environmental impacts.

All persons with and interest are invited to attend and make comments, or comments may be submitted by mail to Star Water Company, P.O. Box 7, Star, Mississippi 39167 prior to the hearing.
