Star Water Company
PO Box 7
Star, MS 39167

February 20, 2023

Dear Star Water Company Member

The directors of the water company have authorized an increase in the rates charged for water used. Rates were last increased in March 2020. As all of you have experienced dramatic increases in goods and services you use, your water company is no exception. We, too, have experienced increases in costs of electricity, labor, etc. The operating expenses have outpaced income this past year and there seems to be no relief in sight.

Your Board of Directors recognize the pressure that increases of any kind put on household budgets, but the regulatory agencies that oversee water associations will not allow this trend to continue. We will continue to strive to operate your system as reliably and economically as possible.

Effective with the April, 2023 billing cycle the new rates are:

0 to 2000 gallons: \$28.00

Usage from 2001 to 50,000 gallons will be charged at \$6.75 per 1000 gal.

Usage from 50,001 gallons and up will be charged at \$10.00 per 1000 gal.

If you have questions you may call the water company office at 601-845-1435 during office hours on Tuesdays and Thursdays between 1:00 pm and 4:00 pm.

Star Water Company
Board of Directors
